

SEPT 26, 2015 | 1:00-5:00 PM | FRENCHTOWN HALL | LOWDEN, WA.

RENDEZVOUS 2015 FRENCHTOWN FAMILY ALBUM

This year's Rendezvous stars the Frenchtown families. We invite all attendees to bring pictures and stories of their family's history in the area to share with others, others who may even be cousins! Tables will be set up for sharing from 1-3:30 pm. We will have information about how to research and preserve your family history, and information about local collections and sources.

Rendezvous tickets are \$30 per adult and include a tri-tip dinner, music, living history presentations, historical displays, a raffle and a silent auction. Wine and beer by the glass are available for purchase. **Raffle tickets are \$5** each. **This year's raffle prizes** are a hot air balloon ride for two and a Wildhorse Resort & Casino room stay with a \$100.00 food voucher. Raffle winners need not be present to win.

Marcel Gagnon Jr. & Louisa Remillard family

Tickets are available from Judith Fortney 509-529-8210, frenchtownpartners@charter.net, or from any Frenchtown Historical Foundation board member. If you have questions about the tables for sharing your family documents, contact Sarah Hurlburt, hurlbuse@whitman.edu.

Because of fire code regulations, ticket availability is limited and by advance purchase only. We regret that we will not be able to sell tickets at the door.

WHY SUPPORT THE FRENCHTOWN HISTORICAL FOUNDATION?

The Rendezvous is the principal fundraiser for the maintenance and development of the Frenchtown Historic site. This year, our goals are threefold:

- **Expand our educational mission** and raise public awareness of Frenchtown in the community at large.
- **Raise capital for a cedar shake roof** for the Prince's cabin.
- **Create an endowment fund** with the Blue Mountain Community Foundation for the physical maintenance of the site, signage, and shelters.

Located approximately 8 miles west of Walla Walla on old Highway 12, the Frenchtown Historic Site is free and open to the public from dawn to dusk. The site includes trails and interpretive signage and the oldest existing log cabin in the state of Washington. A log shelter in the style of French Canadian cabins provides covered space for gatherings and presentations, equipment storage, restrooms and displays.
